ABOUT ME

Full Stack Developer who ships. Built a dealership management system solo (React, Node.js, Stripe) and contributed to 3 production apps. Thrive in fast-paced environments where code quality and speed matter equally.

TECHNICAL SKILLS

Frontend **React, Next.js, Vue.js, Redux, Material-UI, Tailwind CSS, Cypress, Playwright**

Backend **Node.js, Laravel, TypeScript, RESTful APIs, Stripe, Sentry**

DevOps **Docker, GitHub Actions, GitLab CI, Nginx, Jira**

EDUCATION

2021 - 2024 **Software Engineering Degree** **National Engineering School Of Tunis**
Completed a 3-year Software Engineering program at ENIT, with in-depth training in software development, IoT, and embedded systems.

EXPERIENCE

2024
Freelance **Full Stack Developer** **K-tronic Digital Solutions**

- Built Vue.js/Laravel apps from Figma designs, implementing Docker CI/CD pipelines and PHPUnit testing to reduce post-deployment issues.

Vue.js / Laravel / Docker / PHPUnit

2023–Present
Part-time **Frontend Developer** **Teomach Limited**

- Modernized marketing site UI using Ant Design, improving cross-browser compatibility.

React / Redux / Playwright / Ant Design

2022–2023
Earlier Experience **Developer** **Decotis, EmyeHR, Friends in Flat**

- **Decotis:** Code reviews and backend testing for Laravel white-label solutions
- **EmyeHR:** Vue.js/Laravel feature development for HR platform
- **Friends in Flat:** Next.js UI development for improved user experience

Vue.js / Laravel / Next.js / Git

PROJECTS

Motorcycle Dealership Management System 🏍

Full-stack app (React + Node.js) with key features:

- OTP-based auth, Stripe payments, and automated invoice emails.
- Modular backend architecture using Inversify/TypeScript.
- CI/CD via GitHub Actions and Dockerized deployment.
- Comprehensive testing (Jest, Cypress) and error tracking with Sentry.

Technologies: React / Node.js / Stripe / Docker

LANGUAGES

Arabic - Native
English - C1
French - B2
German - A2

HOBBIES

Chess
Bodybuilding

VOLUNTEER WORK

- Mentored 10+ students on Git workflows at G2FOSS Club workshops.
